PAGEANT AT PARK VIEW.

More Than 300 Children Took Part in Program Two Nights. The health pageant Friday evening at Park View School. The program was presented Thursday evening also, but was repeated because many were unable to gain admittance at that time. Charles M. De Forest of New York, founder of the modern health crusade movement, made an address in which he told that seven million children have been enrolled in the movement in the past fifteen years, under the direction of the Junior Red Cross and National Tuberculosis Association. There are now more than 25,000 children in the District enrolled in the movement.

This Leaves the Skin Free From Hairy Growths
(Toilet Talk)

A simple method for completely removing every trace of hair or fuzz is here given. This is painless, and usually a single treatment will banish even stubborn growths. To remove hairs make a thick paste with some powdered deodorant and water, spread on hairy surface and after about 3 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get deodorant.—Advertisement.
